Balance is \$7,262

Additional Notes for consideration - The Journey Museum and Learning Center needs to generate the matching funds within the next year to utilize the Matching dollars which would represent a significant portion of the total budget. It will be necessary to share the acknowledgement of the restoration with the matching fund organizations. The matching efforts could be one entity like yourselves (Rapid City Class of 1955) or could be multiple donors. If the Class would like have sole recognition of a project or museum item(s), other suggestions could be provided based on the dollars desired to be provided. Any amount is of course very appreciated!
